Types of Use: Television, AM/FM Radio, Cable Television, Broadcast Translator Low Power Television/Low Power FM Radio, Commercial Mobile Radio Site/Facility Manager, Cellular Telephone, Private Mobile Radio Service, Microwave, Other.

Facility: A building, tower, and/or other physical improvement that is built, installed, or established to house and support authorized communication uses.

Facility Owner: Individuals, commercial activities, organizations or agencies that: (1) own a communication facility on Federal Land; (2) own and operate their own communications equipment; and (3) hold a communication use authorization.

Facility Manager: The holder of a communications use authorization who: (1) owns a communications facility on Federal land; (2) leases space to other communications users; and (3) does not own or operate their own communications equipment.

Tenant - a communications user who rents space in a communications facility and operates communications equipment for the purpose of re-selling or broadcasting communications services to others for profit.

Customer - individuals, commercial activities, organizations, or agencies that are: (1) paying a facility owner, facility manager, or tenant for communication services; and (2) are not re-selling communications services to others.

Re-selling: Providing communications services to others for profit, such as CMRS providers and cellular telephone, or being in the broadcasting business, such as TV and AM/FM radio.

Rental Exempt R/W Holders: Facility owners whose use is otherwise exempted or waived from rent, but who have tenants leasing space in their building, will be treated as any other facility owner, and be assessed rent based on the highest value use plus 25% of schedule for remaining uses, less exempted or waived uses, including their own use.
